Valvoline All Fleet E700 Plus

PRODUCT DESCRIPTION

Valvoline All Fleet E700 Plus is an advanced heavy duty diesel engine oil, formulated with highly stable premium synthetic blend base stocks and specially developed additives. Synthetic Boosters and DualShield Technology ensures optimum performance from modern diesel engines operating under a wide variety of service conditions including engines with Selective Catalytic Reduction (SCR) and Exhaust Gas Recirculation (EGR). Synthetic molecules travel faster to each part of the engine, keep it well lubricated which result in reduced friction leading to less wear and improved efficiency.

Valvoline All Fleet E700 Plus provides excellent performance in city stop and go, long haul, off-highway, construction and mining applications. All Fleet E700 Plus meets all the requirements for BSIV engines and is backwards compatible with BSIII and prior engines.
